

Job Done at Unimerc

Completion of off-site improvements in El Segundo's newest industrial park was announced by Charles H. Lundquist, president of Consolidated Engineering and Construction Division of Unimerc Corp.

Entrance to Unimerc Industrial Park-El Segundo is located on Rosecrans Ave., just west of Aviation Blvd. Park features wide streets, off-street parking and landscaped parkways, a Unimerc spokesman said.

Concrete Tilt-Up

Park plans include several industrial buildings ranging in size from 40,000 square feet to 125,000 square feet, both with and without rail facilities. Also planned is a high-rise office building to front on Rosecrans Ave.

The first building, offering 40,000 square feet of manufacturing, warehouse and air conditioned office space, is of reinforced concrete tilt-up construction. It includes 4,000 square feet of air conditioned offices.
